MAGAZINE SUBMISSIONS:

Anyone wishing to submit Articles, Information, For Sales, etc. for the next magazine please call me or send the article. Closing deadline for magazine is the Thursday following meetings.

Ph & Fax; (07) 4771 3349 (H) E-Mail: wade.hickey@townsville.qld.gov.au

I am open to suggestions for articles in the magazine eg. Tech Tips, News and Views, etc. so don't be shy. A club magazine is the lifeblood of a club; it informs members, sponsors (I hope you give the people that support you a copy) and keeps the interest up. So if you have something to say, say it in the magazine so ALL members get to know about it.

Any club members that wish to promote their business please contact me with regards to magazine opportunities. The views and opinions expressed in this magazine are those of the author's and editors and do not necessarily reflect the views and opinions of the Townsville City Autosports Club Inc.

Editor's Editorial

With the AGM being held in March this may very well be my last magazine for the year. So on that note a very big thank you to everyone who has assisted me in getting it all together. This is not an easy job and without the help of certain people it would be near impossible.

I know the year ahead promises to be action packed with many events in the pipeline...I know myself I'm eagerly looking forward to the Mt Stuart Sprint and Classic Cardwell...so I look forward to seeing everyone out and about!

Wade (Swadey) Hickey

Presidents Perspective

Well haven't we had some wonderful weather, unfortunately not real good for racing. Our first event for the year out at Charters Towers has been put off at this moment because of the state of the track. Our first event will now be the Hillclimb at the end of March. On the hillclimb there will be a working bee a couple of weeks before the event, we would like a strong turn out as after this rain there will be plenty of work to be done and if it is not done there will be no event.

For those people who wish to become officials our first training session for 2009 will be on April 4 please watch the web site for more information, also if the numbers are not there it will not proceed. Don't forget that the AGM is on March 14 at the club house and at the end of March membership is due.

The NQ Khanacross series looks like finally up and running. Please look out for the supp regs and round dates which will be out shortly.

Finally in closing if any member wants to talk about anything they can call me on 0417609577.

Bye Greg

Chronicles of the Club Captain

Club Point Score – Please be assured the point score system in place over the past 3 years is as per Ron White's system which Ron passed onto me when I became club captain. A small amendment was made via Ron and presented at a club meeting early in 2008 to better reward club members participating in club events. Points are awarded to members for the period 1st January to 31st December each year. I broached the subject, at our December meeting held after the 2008 awards night asking if everyone was happy with the set up as our membership financial year is 1st April – 31st March. An anomaly can occur when we have our award presentations in November or early December and we are still holding events, having club meetings and published newsletter articles, AFTER the award presentation. Occasionally prospective members will hold off joining until the start of the new membership year – missing out on 3 or 4 months worth of points.

Club Membership – due 1st April. Fees are the same as previous years. Remember you need to be a current financial member of a CAMS affiliated club to participate in CAMS sanctioned events and to have any points awarded in the TCAC Club Championship/s.

CAMS Training Dates – please register for these very good training days. Townsville & North Queensland in general is desperate for officials of various grades and categories. Club Chief Module is 4th April 1pm – 7.00pm at 11 Jackson St Garbutt. See enclosed form. More info on upcoming courses will be sent out as it comes to hand.

Upcoming Events – please support our club events. If not entering try officiating.

General Business:

- Two verbal intensions to compete for the tarmac rally from the callinans, and adam Carmichael, philly and one from brisabne so thats six so far.
- Discussion regarding numbers needed for tarmac to be viable re cost for ambulance etc.
- Email from wendy and lou Thomas happy working bee was cancelled, wendy is going to deal with the people who have container next to ours as they have alot of there stuff blocking out container, has concerns about tyres that may be harbouring dengue, the council will hold them responsible. Large truck tyres we don't have a need for so we should get rid of them. Talk that the truck were

possibly to be used as barriers for officials up the hill. Cant use tyres to build barriers as it is classed as land fill. Boxhead has said he can get rid of the tyres if need be. Kero to be placed in them for time being and then holes to put in them during next working bee.

- Straight after agm membership is due and are we keeping membership fee the same or to put it up. Single competitve \$50, family competitvie \$60 and social is \$10 at the moment. Discussed to leave as is due to present conditions etc.

- Col would like to donate trophies for hill climb, few grevences discussed re cardwell rally. Situation not to be repeated. Col would like to be part of the trophies for this years cardwell rally.
- Business who support our club should have mention in magazine so there is some recognition igknnowledged.
- Voting for AGM will be done by secret ballot, if nominations arnt filled out they will be called from the floor.
- There will be proxy voting. Paperwork will be on the website
- Redo constitution after AGM.
- Dates for training from cams 15th march club chief, 18-19 event command and admin, 14th june steward, these are only proposal.
- Further official training news to come.
- Club points ron brought along what he used to use which he passed on in 2005. 31st December is the end date not the AGM for the points year.
- Logo needs to be changed on website and etc to Townsville city Autosports club so logo is right on letters etc.
- When roadclosure signs put in for the year they will be in twin cities Autosports club not Townsville city as permits have already been submitted.
- Ergon building near ingham road discussed as possible site for motorkhana. Greg to make a inquiry with council. Road closure application to be lodged.
- Greg Wright going down to Brisbane in april for breathiliser training and random breath testing will be implemented.
- Kalpower 2-3rd may over two days and \$330 and 240km competitive and 30km transport. May day long weekend. See Deb or Greg to be kept updated.
- Email from unique cars make a movie of yourself chance to win \$1000 and also when a replica of the bullet. For more info see flyer at club house.
- NTH QLD Khanacross is \$100 to register for all events, 4 rounds, supp regs are out. The \$100 to be paid 28days prior to first event and the round one is 2-3rd of may in airlie beach. Mossman is 5th-6th September cairns and Townsville dates TBA. Mossman clashes with the WRC.
- Khanacrosses April 18th-19th , may 23th-24th , july 4th-5th , august 22nd-23rd , October 3rd-4th , and November to be ironman. These dates are subject to change as we have to coroberate with CT motorcycle club.
- Airily beach has track in and is all fenced, they have been given more money fro improvements.
- DECAMAG update halfway through EIS environmental impact statement. All clear from the greens and pressure being put on council to manage it. Hope to have work commence on the land this year.
- Kirkne date still unsure.
-

Meeting Closed: 8.40pm.

Publicity Goes Public

Welcome to the first publicity report for Townsville City Autosports Club Inc. As you can probably tell not too much has happened since the last report but webbed feet, I think our editor should have put a duck on the magazine instead of a chicken.

There is a photo of Paul White's EVOVI on the same page as the Mt Stuart Sprint report in Tarmac magazine about him taking the Hillclimb record off of Russell Newman.

For info on what is happening keep checking our website

Mt Stuart Sprint 2009 Report

Tarmac magazine is on sale now. Check out page 23 for the report with photos from last year's event and another ad for this year.

Approved supp regs and entry form are now on our website www.tcac.net.au

We have had a response from three competitors from Canberra regarding the event as well as the regular front runners. Lookout Lindsay one of them is another RX7.

Current sponsors for the event are:-
Key Motors, Thrifty car and truck rental,
Fulcrum Suspension, Brakemart, Mr Rentals,
Kennards Hire, Mecure Accor Hotel,
Battery World, Townsville Engraving Worx

If you know of a business interested in coming on board email details through to me at hickeycabinets@westnet.com.au and I will follow it up.

Keep a check on the website for updates as they come to hand on the Mt Stuart Sprint
6th & 7th June

What's In An Event

Debate seems to be raging over the cost of entering an event and if the organizer is making a "profit" at the entrants expense. Running an event may contain a few simple minor expenses to full scale budget blowing costs. Below are just some of the "costs" that may have to be considered before an event is held. This list is a very basic guide only for consideration when planning anything from a static display through to a national event. In no particular order -

Paperwork – letters – legal, invitational, sponsorship, road closure notification adjoining property owners, entry forms, receipts, invoices, fees & charges

CAMS – forms, reports, disclaimers, visit the CAMS web site for more

Postage – stamps, envelopes

Stationery – pens, pencils, copy paper, laminating, rulers, staplers, clips, cash tins, receipt books

Printer – photocopier – paper, ink cartridges, other consumables, repairs, service maintenance fee

Permits – letters & fees applicable to, CAMS, police, fire, rescue, Environmental Protection Agency

Ambulance – Rescue service– as required by law for each day – paramedics, first aid personnel

First Aid Kit – appropriate for each event, regularly checked & updated

Vehicle recovery - tow truck & licensed operator

Wire or cable ties for attaching bunting, safety netting, signs etc

Metal & timber stakes for erecting bunting, safety netting, signs etc

Tyre barriers – acquisition of, repairs, maintenance, transportation to site

Eskies – ice - water, food, drinks for officials

Food handlers' certificate, BBQ, cooking equipment & utensils

Shades for officials, competitors, spectators & fuel storage areas

Chairs, tables, marques

Communication – radios, aerials, batteries - maintenance, repairs, replacements, battery charging.

Advertising – newspaper, magazine, periodical, brochure, pamphlets, posters, flyers

Event program, event tickets, function tickets

Road books – photocopying - paper – binding

Safety plan books – photocopying – paper - binding

Public Notice ads – advising road closures as required by law

Site - Room - Venue hire – facilities, communications,

Security

Sound system – announcers – radio -TV

Rubbish – bins - delivery to & from site, dumping fees, plastic bags

Sanitation – toilets – hire - delivery to & pickup from site, pump out

Safety Barriers – hire - delivery to & pickup from site

Head Officials – from other areas - airfares – accommodation – meals

Stewards

Course cars – out of town official's cars – spectator bus – truck to operate from & move equipment

Fuel for course & officials cars, bus & truck

Traffic cones – road closure signs – odometer check markers

Decals – sponsorships, event name - door numbers, white shoe polish for glass

Signage – start banner, control point signs, caution boards, advisory signs, sponsorship signs

Flags – safety vests

Fire Extinguishers- in date & charged – kitty litter - brooms

Trophies – engraving

Timing equipment & beams – stop watches

Timing sheets, score sheets, tracking sheets, computers for data entry

Promotional goods & events – hats, shirts, t-shirts, BBQs, sausage sizzles

Any “profit” from an event is then channelled into any ongoing club costs -

Club car – registration – insurance – fuel – maintenance - repairs

Clean up – set up equipment – whipper snippers & fuel, tools

Rent, phone, fax, electricity, repairs & maintenance, insurances, storage container,

Club Affiliation, tax auditors,

Website fees, yearly awards

Workplace and Occupational Health & Safety items

The lists are far from exhausted. I hope they have helped you assimilate to an event entry cost / expense ratio.

Why our club is not in debt – good luck, good management, working to a budget or dedicated committee members and event organizers who absorb some of the costs themselves – maybe it's all of the above.

- 65 km/h, you are twice as likely to have a serious crash

- 70 km/h, you are four times as likely to have a serious crash

- 75 km/h, you are 10 times as likely to have a serious crash

- 80 km/h, you are 32 times as likely to have a serious crash

than if you drove at 60 km/h.
