

Rally Whitsundays

“An Adventure in Paradise”

Do you want to be close up and personal with an exciting new event in the Whitsundays?

Yes – then become a Volunteer Official at Rally Whitsundays on Saturday 4 May 2019

Rally Whitsundays is Round 1 of the 2019 P3 Solutions CAMS Queensland Rally Championship and is being held in the Whitsundays for the first time. Everything is planned and we now need you to join the Rally’s “family” by becoming a volunteer official and helping the event be a huge success.

The Rally will have a Ceremonial Start at Abell Point Marina on Friday evening 3 May but the rally action gets underway from Abell Point Marina at 7.30am on Saturday 4 May 2019 and finishes in Bowen around 6.00pm. Competitive Special Stages are located in the Proserpine and Bowen areas and we have the Service Park (or Rally Pits) in the Proserpine Showgrounds.

The Rally is a golden opportunity for anyone to become an official and help out in one of a number of roles including being part of one of the 5 Special Stage time control and Start teams, Radio tracking officials and road closure officials on the routes of the stages and Safety officials to look after the public spectators at our two spectator points. If you have been a rally official before you will know what fun it can be, but if you haven’t done this before, we will make sure you are trained, equipped and looked after on the day.

All you need is a willingness to help, a vehicle to get to your post, sunscreen, hat, food and water and the desire to be out in the fresh air and see some of the best rally crews in the State battle it out over a testing course.

If you can be part of this exciting new Rally, please go to the Whitsunday Sporting Car Club website www.wsccl.com.au; the Queensland Rally Advisory Panel website www.qldrallychampionship.com or Whitsundays Festival of Motoring website www.motoringwhitsundays.com.au and download the Officials Registration form. Complete it and email to the Secretary, WSCC on secretary@wsccl.com.au. You will be contacted and advised of timings and details of your role and where and who to meet with on the day.

If you have any questions ring Paul Woodward, Clerk of the Course on 0438 014918.
