Our first and only rally for the year finally happened, after having had a number of attempts to conduct a rally. We received 22 entries which was way above what we had anticipated. We started a little bit late then we had an incident which stopped the event. Both crew members were sent home from hospital the next morning. We got back racing only to lose Goof and Passo with an electrical issue and Fidget and Fitzy with broken suspension, Jenna and Hayden with a sensor. Then on the second last run of the day Pete and Sneaky had a lot of issues.

Everybody enjoyed the cooldown swim and trophy presentation in the river.

Plans are underway for next year's event.

Thank you to our officials Gavin and Lyndel and the rest of the radio club. The Zero /Sweep crew of Muz and Matt- your efforts in keeping the event running on time was great. Ben and his partner in recovery and the Friday set up crew on working in 38 degree heat especially trying to pick up the star picket driver that was branding your hands trying to use it.
